QUESTION 1

Content & Layout

Please review the About Us page and share your thoughts on the following:

How is the organization of the content?

Should some sections go ahead of other sections?

Are there some sections that are not needed?

Do the subtitles make sense for what we want to communicate?

How is the wording? Any changes? Is it too wordy?

QUESTION 2

Members & Co-Leaders

The About Us page lists the Mental Health Work Group members and co-leaders. Please share your thoughts on how they should be represented:

How do we highlight the members and the co-leaders on this website?

Do the co-leaders need to be highlighted?

Do we just put logos of the members? Some are definitely missing and we did not have the information. We might need to get this from FASD United.

QUESTION 3

Private Practice Professionals & Contact

Please share your thoughts on how professionals and contact information should be handled:

How do we highlight the private practice professionals?

Is the "How to Contact" section with FASD United the place people should reach out?

Thank you for your feedback!
